

VNS Health Compliance Program

The VNS Health system, including all of its providers and health plans (collectively, “VNS Health”), is proud of its long tradition of ethical and responsible conduct. VNS Health is committed not only to providing our patients and members with the highest quality services but also to providing those services pursuant to the highest ethical, business, and legal standards.

To that end, VNS Health has implemented a comprehensive [Compliance Program](#) to ensure that legal and ethical conduct is an integral part of our organization’s culture, mission, and operations.
